IMAGINE THE POSSIBILITIES

Flat Track Hardware styling dates back to the turn-of-the-century when it was used in warehouses and industrial settings. Today, the new, highly-stylized look is perfect for unique interior and exterior applications.

FINISHES

Raw Mill Stainless Steel (unfinished)

Weathered Rust

Sand Blasted with Durable Flat Track Powder Coat

Flat Black Acrylic Paint

Raw Mill Steel with Clear Acrylic Overcoat

Machine Polished (unique scarring process)

No Finish to Mill Steel (customer can apply any finish desired)

Brushed Stainless Steel (similar to common household stainless appliances)
